FAN COILS

...xcellence plus efficiency—in one package!

All of our units are specifically designed to work with your Comfortmaker® heating and cooling system. Properly matching the condensing unit and high efficiency fan coil can increase SEER[†] and HSPF[†] ratings up to a full point and increase your energy savings! You get the best of both worlds in one package—the ultimate comfort control plus optimum efficiency—for comfort with confidence.

[†]SEER stands for Seasonal Energy Efficiency Ratio and HSPF stands for Heating Season Performance Factor.

Fan Coils

FSU/FSM Series

- Designed to match your home's heating and cooling system
- Time-delay electronic control extends fan operation for maximum air circulation
- Direct drive blowers aerodynamically engineered for quiet operation
- Reliable blower motor boosts efficiency
- Triple-step paint process and structurally reinforced, rust-resistant, heavy-gauge, galvanized steel cabinet for durability
- Upflow or multiposition models available
- 10 year^s parts limited warranty*

FEM Series

- Uses high-efficiency ECM motor technology to increase system efficiency
- Multiposition for application flexibility
- 1 year No Hassle Replacement™ limited warranty*
- 10 year^s parts limited warranty*

FXM Series

- Uses high-efficiency ECM motor technology to increase cooling efficiency
- Thermostatic expansion valve (TXV)
- Multiposition for application flexibility
- 5 year No Hassle Replacement™ limited warranty*
- 10 year^s parts limited warranty*

FVM Series

- Uses high-efficiency ECM full variable-speed motor technology to increase system efficiency
- Variable-speed blower motor gradually and quietly modulates to reduce uncomfortable temperature swings
- Thermostatic expansion valve (TXV)
- Smooth, quiet performance
- Airflow can be adjusted for personal preference
- Continuous fan mode setting for improved air circulation
- Multiposition to fit various spaces
- 10 year No Hassle Replacement™ limited warranty*
- 10 year^s parts limited warranty*

Fan coils come in various capacities, ranging from 1.5 to 5 tons.

Modular Blowers

MB/MF/MV Series

- Compact size for hard-to-fit spaces
- Cased coil delivers high performance
- MB Series operates on standard 115V household current
- MF Series is designed for 208V/230V operation
- MV Series features a high-efficiency ECM full variable-speed motor technology to increase cooling efficiency
- 10 year^s parts limited warranty*

R410A is an EPA-approved, environmentally sound refrigerant.

Warranties to ease your mind.

Every Comfortmaker unit is backed by exceptional warranties, including our No Hassle Replacement™ limited warranty*, which gives you a replacement unit if the main component should fail within the covered period. You also get up to a 10 year^s parts limited warranty.* And don't forget to ask your dealer about HELP® extended service agreements for additional worry-free protection for parts and labor coverage.

*See published warranty for complete details. To learn more about all of these limited warranties, including the No Hassle Replacement limited warranty, go to Comfortmaker.com.

^sSubject to conditions. Ten year warranty requires timely registration. See detailed additional information on back page and Warranty Certificate at Comfortmaker.com for complete details.

Four seasons of complete comfort.

Since heating and cooling systems are designed to work best together, Comfortmaker Air Conditioning & Heating strongly recommends that you have your dealer install both at the same time for optimum efficiency, savings, and comfort.

- Humidifier** enhances comfort by reducing dryness in the air.
- Air Cleaner** filters out many indoor air pollutants so the air in your home is cleaner.
- Set-Back Thermostat** allows you to customize heating and cooling levels and also save energy.
- Fan Coil** is designed to optimize airflow and improve cooling and heating efficiency.
- Condensing Unit** keeps your home cool and comfortable while saving on energy.
- Evaporator/Indoor Coil** matches your Comfortmaker condensing unit to ensure great performance.
- UV Lights** help prevent the growth of microbes on the coils.
